International Holidays for Education Services

Company Profile

INTERNATIONAL HOLIDAYS FOR EDUCATION SERVICES

BACKGROUND

International Holidays for Education Services was established in 2005 by Mohammed Ibrahim ElHosari a very well experienced & now one of the very well-known personalities in Education Services providers within the Kingdom. Starting from zero mark, now International Holidays for Education Services is one of the very well-reputed student recruiting agency in Saudi Arabia. Recruiting an average of 1200 - 1500 student every year to different schools around the world. Starting from one, IHES is now operating & managing three branches within Jeddah, a branch in Jizan & in near future we are planning to extend our chain further around in different cities within the Kingdom.

MISSION AND GOALS

To support and guide our student to achieve their ultimate goals by providing comprehensive solutions for International Education through:

- Deep insight into student's needs and capabilities
- World-Class expertise in international education consultancy and overseas admission processes
- Provide just not only education consultancy but also detail career plan as an outcome of education advised.
- Tailored made education programs to best suit with the demand of time.
- Arrange scholarship to promote international education to the developing countries.

VISION

Our Vision is to be the world leading education service provider in the field of International Education & Career Advice with an aim to promote a guided talent exchange who will lead the nation with full diverse knowledge and pioneer education.

VALUES

- Integrity: We always provide advice and counselling under a moral code of ethics and professionalism.
- Commitment: We are devoted to meet our student's demands in a dependable and efficient manner.
- Innovation: We are dedicated to developing world class custom course and curriculum that will streamline our student's learning processes and meet their career requirements while improving the way they maximise their skills.
- Excellence: We deliver quality advices and services to our students. We carefully analyse their career needs and advise courses and institutes that will help them making their position secure in future.
- Employment: We support and encourage our students to stay current with the changes occurring in the job environment, to better serve our students and to provide our students with continuous improvement and education opportunities.
- Profitability: We recognize that we have a responsibility to our students to be a sustainable professional, to provide continuous and reliable service to our students.
